TO DO before coming to León:

1. Locate your name on the list below to know which module, group and classroom you are allocated to. The list has been made at random so that at least one person per university is in each module. Exceptionally, exchanges are allowed as long as you are sure that you exchange for someone from your university. Let the facilitator know at the beginning of the session.
2. Download the file of your module here: <https://www.evori.net>, read it and write down any doubts for its implementation or improvements you would like to raise during this session.
3. Laptop: It is advisable that there is at least one laptop per group.
